St. John The Apostle

Enquirer's Class Commences Sunday

Beginning this Sunday, November 13, the Episcopal Church, of St. John the Apostle will offer an adult study course called, "Journey in Faith." This is a new study, designed as an inquiry course, a course for people who are seeking a more mature understanding of the Christian Gospel; a course for people who are willing to do some mental "digging" in order to discover the basic truths of the story of Christianity. As such, "Journey in Faith" will double in purpose as the Episcopal Church.

This adult study course will consist of ten class sessions. Those who participate during the ten sessions will be presented a basic beginning survey of the Christian Faith. Included in this study will be such major topics as Man, Sin, Christ, the Church, the Sacraments, Prayer, God, Christian Personality, Judgment and Worship. In presenting such a capsule study of Christianity, the method of instruction of "Journey in Faith" will be to allow a maximum amount of participation in inquiry and discussion by those who attend the sessions. In addition to this, reading pamphlets will be made available, covering each major study, and supplementing the discussion of each major concern. An additional pamphlet, entitled, "Things to Know," provides a parallel description of the her-

itage of the Episcopal Church. Each of the ten sessions of "Journey in Faith" will be held on Sunday afternoon, from 5:00 to 6:30 p. m. at the Episcopal Church. The leader for the course will be the Vicar, the Reverend Robert N. Huffman. The first class session will begin this Sunday, November 13, at five o'clock.

Churches of Christ Scientist

True status and security will be dealt with in the Lesson-Service on "Mortals and Immortals" at Christian Science services this Sunday. "Mark the perfect man, and behold the upright: for the end of that man is peace" (Psalm 37:37) is one of the Bible passages to be read. Citations from "Science and Health with Key to Scriptures" by Mary Baker Eddy will include (267:3-5): "The offspring of God start not from matter or ephemeral dust. They are in and of Spirit, divine Mind, and so forever continue." The Golden Text is from II Corinthians 5:17: "If any man be in Christ, he is a new creature: old things are passed away; behold, all things are become new."

Senior High Fellowship Enjoys Spaghetti Supper

The Senior High Fellowship of the Presbyterian Church enjoyed a spaghetti supper at the Church Wednesday night. Games were directed by Mary Mathewson, Fellowship Chairman.

Those present were Lois Preston, Anne Preston, Ann Murray, Linda Lutz, George McMillan, Jackie Croft, Mary Mathewson, Claudia Ludlow, Jayne Kirkman, Butch Davis, Danny Stanley, Carol Epstein, Helen Cherry, Skipper Peacock, Nancy Pierce, Johnny Bass, Claudia Ludlow, Stevie Kaufman, Dr. and Mrs. Charles Hortentine and Rev. Preston.

Talk On Education Heard By O. E. S.

Mrs. Ralph Freeman presented the program at the meeting of the OES Thursday night at fund. A donation was made by the OES Student, the Masonic Temple, on Education and the Order of Eastern Star student loan fund. She gave an interesting and informative talk on education needs and trends and enlightening information about the student loan fund.

In Other business, plans are underway for the visit of the grand matron and patron in December. The ways and means committee announced plans for the coming barbecue on Saturday, Nov. 12 from 5 to 8 at the Masonic Temple, also a rummage sale, Nov. 10. Members were reminded of the invitation to the More Haven Chapter meeting Nov. 16 honoring Mrs. Judy Sapp of Pahokee, Grand Instructor of District 18.

Announcement was made that Duncan Hines fruit cakes are now on order by chapter members for Thanksgiving and Christmas, and the next meeting Nov. 17 will include memorial services for deceased members.

Refreshments were served by a committee composed of Mrs. Gladys Williams, Mrs. Mary McLendon, Mrs. C. A. Bailey and Mrs. C. D. McClure.

Junior Dept. Collects Over \$145 For UNICEF

A total of \$145.25 was sent in to UNICEF headquarters in the Halloween fund raising event, sponsored by the WSCS of Community Methodist Church with the Junior Dept. participating. Mrs. N. T. Taylor was in charge and praised the juniors for doing a wonderful job. It is hoped that next year others will participate and be able to cover the whole city.

Pontiac tailors body design to a new Wide-Track

Better balance and roadability! Control that can't be copied!

We've built more room and greater roadability into this sleek new '61 Pontiac. There's more headroom, legroom and footroom. Doors are wider and they're designed to open farther for greater convenience.

By trimming side overhang, we balanced more weight directly between the wheels. The '61 Pontiac gives you greater stability. It gives you a greater sense of control for every mile, every maneuver, isn't now the time to try the Wide-Track way to travel?

King-Fuller Are Engaged

The engagement of Miss Lenora Myrtle King to Lenwood Horace Fuller, son of Mr. and Mrs. H. M. Fuller, Haines City, has been announced by her parents, Mr. and Mrs. John A. King.

The bride-elect who has completed a course at V. Daniels School of Beauty Culture at West Palm Beach is a junior beautician at Ruby's Beauty Shop, Pahokee.

Mr. Fuller, a graduate of Haines City High School and Massey Business College, Jacksonville, is currently employed as manager of Case Rate Variety.

A Christmas Day wedding has been planned.

Ronnie Lottes Given Party On 8th Birthday
Mrs. Harold Lottes entertained for her son, Ronnie, on his eighth birthday with a party at the municipal park Saturday afternoon.

The cowboy theme was carried out in the cake decoration and favors of balloons and horns were given each guest. The youngsters played games and were served refreshments.

Present were Rodie Bowen, Barry Graber, Eddie McGamery, Linda Meeks, Eddie Heern, Missy Doub, Melissa Chapman, Melissa Schoenfeld, Kathy Jean McLeod, Crystal Clark and Mike Smith.

Paul Zumpf of Hamburg, N. Dakota is spending the winter here with his son and daughter-in-law, Mr. and Mrs. Irvin Zumpf and other sons and their families, the Arthur Zumpfs and Harold Zumpfs. He made the trip with his son and wife, Mr. and Mrs. Earl Zumpf who were enroute to a postmasters convention in Miami.

Miss Draa To Wed Philip A. Dulaney

The engagement of their daughter, Sandra Irene to Philip Allen Dulaney, son of Mr. and Mrs. John Allen Dulaney has been announced by her parents, Mr. and Mrs. Horace Vincent Draa of N. W. Ave. E. Belle Glade. Wedding plans will be told later.

Canal Point Garden Club To Hold Bazaar Nov. 17
The Canal Point Garden Club is holding a bazaar Nov. 17 beginning at 1 p. m. at the Community Building. There will be all kinds of articles including toys, linens and baked goods. Everyone is invited to come and browse around. Sandwiches and coffee will be served if the bazaar lasts until after supper time.

Mrs. Robert Walker Honored At Tea
Mrs. Robert Walker, nee Janet Kirk, was honored at a tea Saturday afternoon, given in Friendship Hall of the First Baptist Church by the following hostess committee: Mrs. Lloyd Strayer, Mrs. Hubert Chambliss, Mrs. Luther Jones, Mrs. Paul Kirchman, Mrs. Chris Figueroa, Mrs. Genevieve B. Gore, Mrs. T. N. Brent, Mrs. H. C. Tillery, Mrs. Eddie Schoepfle and Mrs. Jack Royale.

The hall was decorated with potted palms and a tall basket stand of yellow and white gladioli and ginger lilies. The white covered tables displayed the beautiful gifts showered on Mrs. Walker. She was assisted by Miss Sonja Figueroa, Miss Martha Brent and Mrs. Franklin Stallings, Miami, her sister-in-law.

Mrs. Hubert Chambliss and Mrs. Lloyd Strayer poured at the beautifully appointed tea tables, which were graced with two silver services and silver candelabra holding yellow tapers.

Janet, her mother, Mrs. Ralph

Woman's Club Donates \$1200 To New Civic Bldg.

The Woman's Club of Belle Glade met November 2 at the Community Club where Mrs. J. Marvin Unwin president, presided.

Announcement was made that \$1200 approved at the last meeting has been donated to the new civic building. Mrs. Unwin announced the following appointments: Board of Control, Mrs. Tom Bregger and Mrs. L. L. Price; community building, Mrs. Lue Puckett; Chamber of Commerce, to make Belle Glade beautiful, Mrs. Faye Green.

Mrs. J. F. Browne, the only life member of the club and the first president, was introduced. She received the life membership for starting the first library Belle Glade.

Kinderergarten Chairman, Mrs. William A. Thibault reported the kindergarten, which is sponsored by the Woman's Club has an enrollment of 35. Hostesses for the kindergarten's Halloween party were Mrs. Thibault, Mrs. Larry Royal and Mrs. Bunn McCall.

Mr. Henry O. Earwood, at teacher in the schools, gave an interesting talk about her trip to Washington, D. C., Philadelphia, Vermont and Montreal, Canada, which was highlighted by seeing the Queen of England in Canada.

Following the meeting, pie and coffee were served by Mrs. R. S. Kent, Mrs. J. A. Finan, and Mrs. Melville Sheahan.

Andrews-Austin Wedding Planned

Mrs. and Mrs. Floyd Andrews of Clewiston, announce the engagement of their daughter, Betty Susan, to Norman R. Austin, son of Mr. and Mrs. Ben Austin of South Bay.

Mrs. Andrews graduated from Clewiston Schools and Florida State University, receiving a B. S. Degree in Home Economics. She is presently a member of the Clewiston School faculty.

Mr. Austin graduated from Belle Glade Schools, served in the Army and is employed by Okelanta Sugar Refinery, Inc. A December wedding is planned.

Belle Glade Personal Notes

Mr. Rufus Ellis of Deland arrived here this week for an extended visit with her son-in-law and daughter, Rev. and Mrs. Edward L. Straner.

Mr. and Mrs. Rhudy Faulk and son, Tommy, plan to attend Homecoming at Gainesville over the weekend and visit their son-in-law and daughter, Mr. and Mrs. Horace Hartwell.

Mr. and Mrs. R. E. Watson and children spent Sunday at the home of her sister and family, Mr. and Mrs. Edward Kilough in West Palm Beach. Her niece, Nell Kilough is home on leave for 15 days and will return to duty at Keelair AFB, Miss. She has recently completed basic training.

Mrs. Bobby Joe Thomas and children spent several days with her parents, Mr. and Mrs. N. T. Taylor, returning home to West Palm Beach, Saturday.

Mrs. Floyd Qualls and son, have returned home after a visit with her mother, Mrs. Margery Masterson at Chaffee, Mo.

Friends of Mr. and Mrs. Hugh Bratley were glad to see them in Belle Glade during the weekend. The Bratleys, residents here for many years, now living at St. Petersburg enjoyed their visit here attending church and of course voting at the polls. They returned home Tuesday.

Mrs. Zelma Betzner enjoyed a vacation trip to Washington, D. C. and a visit with her son-in-law and daughter, Mr. and Mrs. Bill Farrell and family at Silver Springs, Mo.

Mr. and Mrs. L. E. Hart of Cullman, Alabama are visiting their daughter and family, Mr. and Mrs. Jack Roden in Park Ridge Subdivision. The Rodens plan to leave within the month to make their home in West Hollywood where they will operate N. A. P. A. Automobile Parts Jobber Store.

Mr. and Mrs. Russell Tucker were weekend guests of his brother-in-law and sister, Mr. and Mrs. C. H. LaFrance at Ft. Lauderdale.

Following the meeting fruit cake and coffee were served by the hostesses Mrs. Jones, Mrs. Mollie Pearlman, Miss Rodgers, Mrs. Madewatson, Mrs. Kathleen Rogers and Mrs. Iverssee Ashley.

"Oh, no trouble at all! We're an EXTENSION PHONE right by the Bed!"

Perhaps you enjoy the excitement of racing for the phone through a dark house at midnight, bruising your shins on the furniture.

But, it's more likely that you would prefer the comfort and convenience and the downright privacy of a bedroom phone. We'd like to add two more reasons why you'd love having one.

First, it won't upset your budget a bit. You'll be surprised how little it costs. Second, extensions come in charming decorator colors—for any room in the house!

Enjoy living as you like it! Order the extensions you need.

Timely hints for vegetable growers: how and when to treat your crops for better yields

Now is the time to...

Combat pests with ORTHO Parathion 8 Flow Concentrate. This new, superior formulation is the result of comprehensive formulation study and widespread field testing. It contains a special blend of emulsifiers to provide greater wetting and uniform plant coverage. Since ORTHO Parathion 8 Flow Concentrate contains no water, it does not separate and will remain stable in storage. It is compatible with other ORTHO products commonly used in Parathion combinations. ORTHO Parathion 8 Flow Concentrate gives a most effective control of a wide range of insects on many vegetables, including beans, cabbage, broccoli, Brussels sprouts, kale, turnips and potatoes.

Choose ORTHO Products and Field Service. ORTHO products are formulated in Orlando—specifically tailored to fit your needs. When you buy these products you also get all the benefits of ORTHO Field Service without extra charge. Your crops get scientific supervision right through harvest. ORTHO Fieldmen are specialists on local crop conditions, trained to spot the trouble and prescribe the remedy. This expert Field Service, combined with the research and technical experience that go into every ORTHO product, is the reason why ORTHO has been the choice of Florida vegetable growers for over thirty-five years.

Helping the World Grow Better

South Bay School News

South Bay P. T. A. held its regular meeting Monday, Nov. 7, at the South Bay School auditorium. Nobel Roberts introduced Carl Hill who gave the devotional. Mr. Hill is a science teacher at the Belle Glade High School.

The following were nominated for the Xmas treat committee: Mr. and Mrs. Henry Elfers, Mrs. Naomi Wilson, and Mrs. James Summerlin. Elected as delegates to the County P. T. A. were Mrs. Lovette Craddock, Mrs. Donald Winterrowd, Mrs. Mildred Woolridge, Mrs. Wanda Prevatt, Mrs. Henry Elfers, Mrs. Lilly Wilder, and Mrs. James Summerlin. The P. T. A. voted expense money for two delegates to attend the State P. T. A. meeting in Tampa Nov. 16-19.

The P. T. A. voted to purchase the following: two sets of World Book Encyclopedia, one horizontal ladder for the playground, one combination record and Public Address system, and \$400.00 for teaching aids for the school.

The P. T. A. has formed an Education Material Committee consisting of the following members: Mrs. Louise Forsgren, P. T. A. President, Mrs. Mary Lou Bowen, P. T. A. Secretary, Mrs. Frances Bowers, third grade teacher, and Mr. H. A. Ouellette, principal of the South Bay School. The duties of this committee is to study the needs of the school and sanction any request from the teachers for teaching aids for their individual classrooms.

A report on the P. T. A. Halloween Carnival was given by Mr. Ouellette. The Carnival grossed approximately \$2000.00 the expenses were about \$400.00 leaving a net profit of about \$1600.00. Mrs. Louise Forsgren, P. T. A. president again thanked all those who participated in putting over the Carnival this year. Special thanks to Mrs. W. E. Getters, and Mrs. Myrtice Gilman for the decoration of the Spook House.

The hostesses for the evening were Mrs. Laura Willis and Mrs. Mary Waters. Fruit cake, coffee and hot chocolate were served after the meeting had adjourned.

S. Bay 4-H Boys Club Elected New Officers

The Boys 4-H Club of South Bay conducted an election of officers at its regular meeting. Elected as president was Mike Mansfield. Other officers elected were Jimmy Jackson, vice president; Lamar Groves, secretary; Ray Sullivan and David Kersey, song leaders; Ivan Willis, reporter; Duane Stokes, Council delegate.

Ladies' Don't Forget Cancer Workshop Nov. 16

Mrs. Roy Segre, head of the Cancer Society Workshop in South Bay reminded all ladies to be sure and come to the American Legion Hall in South Bay on Nov. 16 for a work meeting. The session will begin at 10 a. m. and continue until 3 p. m. Those attending are asked to bring a lunch and to bring needles, scissors, and thimbles.

Cooking Featured at 4-H Club Meet

Members of the Girls 4-H Club of South Bay met at the home of Mrs. Howell Goodbread Friday afternoon.

Demonstration in making banana bread, pineapple drink and candle light salad were included in the program for the afternoon.

Those attending were Cindy Winterrowd, Doris Willis, Linda Woolridge, Margaret Bullock, Sandy Goodbread and Carol Mansfield.

4-H Club News

The South Bay Girls 4-H Club met Friday, Oct. 28 at 11:10 a. m. Sharon Roberts called the meeting to order, the devotional was given by Glenda Tyler and the minutes read by Linda Kelsae. All were present.

Teresa Wilder, Kathy Forsgren, Brenda Kelly and Ronda Walker led the girls in some of the 4-H songs.

As there was no old or new business the meeting was turned over to Mrs. LoPinto, who gave a demonstration on Snacks That Are Good for You. The meeting was adjourned at 12 a. m.

commander Bo Austin announced.

PRESENTING THE 1961

Thunderbird

UNMISTAKABLY NEW... UNMISTAKABLY THUNDERBIRD

SO NEW THE STEERING WHEEL
MOVES OVER TO WELCOME YOU IN

The new optional Swing-A-Wheel symbolizes the newness of this remarkable car. Just a touch of your hand as you enter, and it moves aside 6 inches. You take the driver's seat as easily as you drop into your favorite chair. You can drive only when wheel is locked safely in normal driving position.

UNIQUE IN ALL THE WORLD

THE Dazzling new Thunderbird Convertible

Here is the finest expression of the Thunderbird spirit, unquestionably Thunderbird in its classic lines—not a hair wider nor a tenth of an inch longer—yet a Thunderbird so uniquely new it stands alone in the fine car field.

The dramatically new Thunderbird for 1961 is true to the Thunderbird tradition in every trend-setting inch. It preserves all the features that mean Thunderbird: the classic Thunderbird side and distinctive styling, the four-passenger luxury, the famous console, the sports car handling and performance.

At the same time, the unmistakable newness you find in the Swing-A-Wheel is reflected throughout this uniquely new luxury car. A standard equipment, you have the exhilarating, new high-performance Thunderbird 290 Special V-8. This brilliant, new engine brings you Thunderbird spirit at its liveliest. A trio of power assists—new Cruise-O-Matic, new improved Power Steering and new larger Power Brakes—are standard equipment on every 1961 Thunderbird. Take a test drive at your Ford Dealer's today.

Kissin Kuzins From Switzerland

Mr. and Mrs. Otto Bregger of Solothurn, Switzerland visited with the Dr. Thos. Breggers this past week, as a part of a business and pleasure trip to America.

When asked about relationship, we came to the conclusion that, Gawig-style they could be termed "kissin cousins." Grandfathers of the two Bregger families came from the same community, just north of Switzerland.

Education Week Observed By PTA

The Lake Shore Schools PTA met Monday night, Nov. 7, in the high school gymnasium with president S. L. Teague, Sr., in charge of the meeting. Rev. J. B. Adams, chaplain was in charge of the devotional period.

American Education Week was observed with a program. The guest speaker was the Honorable Howell L. Watkins, Palm Beach County Superintendent of Schools. Mr. Watkins brought a very inspiring message based on how four corner stones: 1. Character, 2. Faith, 3. Knowledge, 4. Service. The meeting was well attended and the drive for the year's PTA projects was started and will end on Dec. 3.

Bobcats Nearing SE Championship

Underdog Lake Shore edged Fort Pierce Greyhounds, 13-7 in a Southeast Conference football game Thursday. By its victory, Lake Shore became a prime favorite for bid on the Southeast Conference Championship.

Lake Shore, with its spirited squad of Sophomores and Juniors, is the surprise of the Southeast Conference in Willie Irvin's second year as head coach.

The onslaught of the Bobcats is so great that their opponents are checked to the point that they cannot get up enough steam until it is too late.

The victory was Lake Shore's third in four Conference decisions and boosted its over-all mark to 5-2. Lake Shore is 3-1 in Southeast Conference play and 5-2 for the year.

Sugar Coop. Orders (Continued from Page One) as length of haul to the mill, sugar content of the cane, actual extraction efficiency, etc.

It is anticipated that tonnage per acre to be expected length of harvesting season, sucrose content and other important factors are favorable in the Glades, BUT an impartial and technical report outlining these advantages must be submitted.

Reports are that checks received with estimated tonnage to be produced and legal descriptions of land to be used, from 20 acres up are very encouraging to the Board members.

The request of the Chairman of the House Agricultural Committee for the USDA to make an exhaustive study of the sugar quotas and the practicability of home-produced supply, will enable the Florida growers to make a substantial showing to the lawmakers.

When it is recalled that a ton of sugar cane grown in the Glades leaves \$5.50 to \$8.00 in the local community annually, aside from the initial investment for mill and crops, merchants and business men come to have a healthy respect for the substantial advantages of a staple and stable diversified crop for the area.

An aim for '62 grinding or at least early '63 as a beginning time, dictates that action towards that end be vigorous, and the Board of the Coop., is proceeding on that theory.

Chosen Garden Club To Hold Workshop

The Chosen Garden Club will meet at the home of Mrs. George Hudspeth at 3 p. m. Nov. 15. Roll call will be answered by each one's favorite garden tool. There will be a workshop on Thanksgiving arrangements by Mrs. Irvin. Everyone is asked to bring their own equipment. The single specimen will be a mum.

Talent Contestants Register Now For Annual Politelection

A request for immediate registration of talent contestants for the Second Annual Politelection of Palm Beach County was made by John L. Remsen, General Chairman for the Politelection which will be simultaneous over television station WFTV-TV and WEAT Radio on Saturday, Nov. 20th from 11 p. m. to 2 p. m. on Sunday Nov. 27th.

The show features talented amateurs and professionals who compete for valuable prizes donated by local merchants and business firms.

Contributors to this National Foundation drive for funds are invited to vote for their favorite performer, with every dollar donated entitling the donor to one vote.

Appointments for auditions are being made now. Remsen said it was advisable to register immediately to provide sufficient time for scheduling rehearsals. Contestants desiring to enter should call Temple 3-5545 or write to Paul Crabtree, Royal Poinciana Playhouse, Palm Beach.

One pound of Florida sweet peppers contains only 95 calories.

Belle Rebekahs Host To District Meeting

Belle Rebekah Lodge was host to a district 21 meeting at the community club house with Mrs. Lola Carr, presiding as noble grand. Mrs. Maude Byers, district deputy president and her officers were in charge of the business meeting.

Members were reported from Golden Links Lodge 64, Lake Worth; Gardenia Lodge 71 and Hibiscus Lodge 66, of West Palm Beach. Each Lodge gave a report on its activities for the past year.

Everyone donated 25 cents for the "62 Club" fund.

Following the meeting refreshments were served.

Births

Nov. 2: Mr. and Mrs. George Farnall (Evelyn Andrews) announce the birth of a daughter, Tina Lynn, at Belle Glade Memorial Hospital. Paternal grandparents are Mr. and Mrs. George F. Farnall, city.

SECTION B—Page 1

Glades Bowling Lanes Will Celebrate Formal Grand Opening This Saturday

Bowling Is One Of Most Popular Sports

Ask any red-blooded American to name our most popular national sport and the reply may drop from his lips: "Baseball, of course."

If you want to measure the bowling boom, you need only recall that this is double the number of those who bowled only 10 years ago—and could easily double again 10 years hence. Bowling is "bowling as long," all right, and the pun is intentional.

Nowhere more than on the distant shore of the popular sport rising in its number of habitués. The Woman's International Bowling Congress, established in 1917 with 40 members, today lists more than 1,001,000. Women have really taken to the sport. Hundreds of bowling establishments have blossomed forth with afternoon leagues for the ladies, and the most modern recreation centers offer beauty salons and baby-sitting facilities.

Youngsters, too, are turning out in surprising numbers. The American Junior Bowling Congress, which has hopes of making a bowler out of every boy and girl between 8 and 18, has an enrollment of more than 185,000. And they have their eyes on several million more with good backing from schools, religious authorities and municipal agencies. In recent years bowling has become an accredited course in hundreds of high schools in the country's large bowling centers.

But any kepler, red-blooded or otherwise, who knows his statistics could give him a stiff argument. The twenty-three million U. S. adherents of bowling—far more than play baseball, incidentally—spend about \$350 million a year on their sport. This is ten times more than the total major league gate receipts last year. And, if home town teams are your criterion, it's four or five times amount expended for baseball equipment by the sandlotters.

Tonight—or any night for that matter—a sizeable percentage of America's 23 million bowlers—including a goodly number of women—will ride, walk or drive to U. S. bowling establishments. There, on more than 75,000 certified bowling lanes, they will hurl balls of varying form.

Another rule is that no alcoholic beverages be served on the premises during the time allotted to the young bowlers. All instruction must be given by certified teachers.

Junior Leagues are now being formed at Glades Bowling Lanes for Saturdays. Bantam bowlers will be between the ages of 8-12; Junior bowlers, 13-16, and Senior bowlers, 16-18 years of age. Student rates are available for all Junior League bowlers.

Electronically Operated Machines Service Each Of 16 Bowling Lanes

Ever wonder how the new automatic bowling machines operate? To most bowlers, the automatic apparatus is "just there" and little thought is given to the huge, complicated machine quietly hidden at the end of each lane.

Development of the electronically operated AMP Pinpointers used at Glades Bowling Lanes took more than 15 years. Each machine, in this case, 16, weighs in excess of 2,000 pounds and measures eight feet high, 5 and one-half feet in width and 6 one-half feet in depth.

A triangular closed-in panel mounted on the machine just above the pins is called a "Magic-Triangle" Pinpointer signaling unit; its signal lights indicate the bowler's first and second ball, a foul, and pins left standing. It's a big help in locating "sleeper pins."

The Pinpointer is set into operation when a ball is tossed on which a switch is installed.

In the event of a strike, the sleeper drops immediately to the alley bed. The table then descends, finds no pins, reascends briefly while the sweep clears the lane of "deadwood" whereupon the table spots a new set of pins.

The deadwood cleared by the

No pushbuttons are required in the operation of the Pinpointer with one exception—when a spare is made in the tenth frame. To obtain a new setup, a button is pushed at the foul line, whereupon the lane is

(Continued On Page 3-B)

All Automatic At New Glades Lanes

AMF Automatic pin-setting equipment makes bowling fast and smooth—without delays. There is no human error. Bowling is pleasant and enjoyable this way.

The automatic pinsetters clear the pins, set them in place again and return the balls to the bowlers.

"Everything is automatic" say Milt Gessner and Jerry Pence, managers of Glades Bowling Lanes, "and we have the finest equipment money can buy."

The 16 lanes are of maple and pine. After sanding, they were coated with a special lacquer for a hard finish and according to American Bowling Congress rules, must be resurfaced every two years. Each lane is equipped with the new "Magic-circle" ball return that prizes balls back under the lanes, out of sight of bowlers.

Each lane is also equipped with an automatic hand-dryer, doing away with towels. Automatic scoring projectors made to focus the score sheet on an overhead screen makes it possible for spectators to follow along with the scores during league or tournament play.

The automatic pinsetters project flashing lights indicating to the bowler which pins are left standing. A radaray foul line spotter will also flash if a foul is detected.

Exhibitions, Match Games, Door Prizes To Highlight Opening Day Ceremonies

The sparkling new Glades Bowling Lanes has set this Saturday for its formal opening. With its modern, colorful decor, the latest in A. M. F. equipment, and the friendly atmosphere provided by Jerry Pence, Milt Gessner and their staff it is sure to be a hit with the Glades people.

The formal opening ceremonies will feature exhibition and match game bowling throughout the day. Many bowling gifts also are scheduled to be given away throughout the opening day ceremonies. Visitors may participate by filling out one of the prize drawing tickets and depositing the stub at the lanes.

The modern new up-to-date restaurant under the experienced guidance of Ruth and Sandy Sands will also be open and

they are prepared to serve you with the finest foods, be it a complete meal, a sandwich or a piping hot cup of coffee.

The 1960-61 Bowling season has already gotten off to a bang-up start at the new Glades Lanes. Seventy-eight teams composed of over four-hundred bowlers are already entering into their sixth week of competition. The play is always serious throughout league bowling with all bowlers having their "excuses" for that bad game and everyone hearing about the good ones.

It seems we always hear about this bowler or that bowler, but there is one hidden member of our bowling teams who never seems to get the pat on the back which they so richly deserve. These are the team sponsors, whom each and every bowler is thankful for, but to whom we sometimes fail to show proper respect and patronage. We feel the Glades area has some of the finest sponsors in the bowling field and would like to introduce them to you.

Among the excellent sponsors at present are Connell's Gail Service, Belle Glade Medical Center, Davie's Palm Beach Shop, Ralph's Garage, Power Gas Corp., Glades Mercantile Co., Kahn's Dept. Store, Independent Lanes, Inc., Florida

(Continued On Page 2-B)

16 LANES OF FUN—Just a part of the sixteen lanes are pictured here. AMP Pinpointers are shown in the background. In the foreground you see bowlers' seats, ball racks and ball cleaning unit. The overhead screens are used for flashing bowler's scores during league play.

A SPECIAL INVITATION—Jerry Pence and Milt Gessner, managers of the area's newest family recreation center, extend a cordial welcome to the residents of Belle Glade to visit their new facilities. Glades Bowling Lanes will be open daily from 9 a. m.

Meet Your Bowling Lanes Managers

Jerry Pence and Milt Gessner, managers of the Glades Bowling Lanes will throw open the doors of their new recreation center this Saturday, to celebrate its formal opening. They extend a cordial welcome to everyone in the area to come in and inspect their new facilities and perhaps try a hand at bowling.

Besides the 16-lanes, all automatically equipped, the establishment also has a fine restaurant.

Kay Pence and Rita Gessner, wives of the managers, will also be employed at the lanes and will be on hand, along with their husbands to greet all visitors.

Mr. and Mrs. Pence are presently residing in Lake Clarke Shores, West Palm Beach, and formerly operated a Western

odist church.

Meet the Staff....

A LOT OF PEOPLE—it takes a large crew to run a 16-lane bowling house. Representing part of the staff are, from the left, Ina Forester, Mollie Fay Walker and Sandy and Ruth Sands; Rosemarie Bonnell, Kay and Jerry Pence, Tommy Pence and Rita and Milt Gessner; William Fetters and Webb Diddle.

Be Modern... Say It Right!

Some Terms From The Bowler's Jargon
Reprinted From WIBC Bowler's Manual

ALLEY—An obsolete term for lane.
ANCHOR—The last bowler in the lineup of a team.
BABY SPLIT—The 2-7 or 2-10 railroads.
BACKUP—A ball which curves or falls away to the right.
BIG FOUR—The 4-6-7-10 railroad.
BIG BALL—A ball whose hook enables the bowler to hit almost any place for strike.
BLOW—An error; failure to convert into a spare when no railroad is left up.
BROOKLYN—Ball striking to the left of the head pin. Same as "crossover."
CHERRY—Chopping off the front pine of a spare and leaving the pin or pins behind and/or to the right or left standing. It is an error, or blow or miss.
CURVE—A ball which works to the left from the moment it contacts the lane. Most bowlers call it a hook, but a hook ball waits until it nears the pins before it breaks to the left.
COUNT—The number of pins knocked down on your first ball, used in the previous frame for computing your spare score, or the score on two strikes in preceding frames.
DEAD BALL—An ineffective ball; "pumpkin" or "apple."
DOUBLE—Two strikes in succession.
DRIVE—Synonym for lane.
DUTCH 200—A game of 200 even, made by alternate strikes and spares. This game is also often referred to as "making 200 the hard way."
ERROR—A missed spare.
FULL HIT—Clean hit on the head pin; hitting the head pin on the nose.
HEAD PIN—The No. 1 pin (in some localities referred to as Louis).
KICK BACK—A pin rebounding from the partition separating the lanes.
KING PIN—Referred to in some localities as the No. 1 pin, in others as the No. 5 pin, the latter coming from the game of 9 pins in which the middle pin was No. 5.
LIFT—Giving your ball an upward motion with your fingers at the point of release.
LOFTING—Throwing the ball out on the lane beyond the foul line.
LEAD OFF—The first bowler in the team lineup.
MISS—A hit full on the head pin.
POCKET—The space between the head three pins, or the 1-3 "hole" for the right-handed bowler; the one and two for the left-handed.
PITCH—The angle at which the holes in the ball are bored.
SPARE—Cleaning up all the pins with the second ball that were left by the first.
SPOT—A place on the lane where a bowler is aiming.
SPOT BOWLER—One who looks at a spot on the lane in taking his aim instead of at the pins.
SLEEPER—A hidden pin.
STRIKE—Bringing down all the pins with the first ball.
STRIKING OUT—Same as going the route.
TURKEY—Three strikes in a row.

SPECIAL SHOES ARE WORN FOR BOWLING—Mr. and Mrs. Lester Berryhill of Belle Glade learn all about it from Kay Pence and Rita and Milt Gessner of Glades Bowling Lanes. Shown here is the main control center and retail department.

Popular Sport

(Continued From Page 1-B)
weights at a million bowling pins.

Ages of the participants will vary, starting at 8 years and ending, perhaps, at 80—though some could very well be above and also below this figure.

Colleges, too, which once spurned the idea, now include bowling lanes in the student union or recreation building. Two hundred schools took part in the Eastern Intercollegiate Bowling Conference recently held in New York.

But perhaps the biggest source from which bowling enthusiasts spring are the people who work in big companies. Ninety-five percent of U. S. industrial firms sponsor bowling activities, according to the world's largest manufacturer of bowling equipment, American Machine & Foundry Company. Everywhere, industrial recreation is recognized as a significant element in "employee relations."

One of the reasons for the tremendous surge of bowling interest is the perfection of an ingenious machine which replaces the pin boy. Developed and marketed by American Machine and Foundry Company, the Automatic Pinsetter all but revolutionized the bowling industry—and almost overnight. This year more than 50 percent of the nation's bowling lanes will be on "round the clock" operation with the ingenious electronic device. More recently, automatic foul detectors and added to the general betterment and increased popularity of the sport.

Today, there is a "new concept" in bowling that has proved a boon to the bowler and bowling proprietor alike. The accent is on convenience, comfort and a wholesome atmosphere—with even decorators taking a turn at "smartening up" the surroundings. New bowling centers in low, rakish buildings surrounded by wide parking areas are found in almost every city, or in outlying districts. Their interiors are done in ruffal colors and spiced with chrome or stainless steel. Spectators, too, have benefited, for today, cushioned seats and air-conditioning are commonplace features.

Why has bowling become so

Ball Selection Important Factor

Because of the difference in individuals, the selection of a ball is an important factor in getting the most out of bowling.

The location, size, and direction of the finger holes, and the weight of the ball are the distinguishing features of bowling balls. Comfort is the determining factor in selection.

Methods adopted by one bowler are not always successful when used by another. A particular grip employed by one would be awkward to another because of the difference in the shape and size of hands.

Your own weight and strength determine the weight of the ball that is easy for you to handle; and the size and strength of your hand determine the circumference and arrangement of the holes in the ball that will be comfortable for you.

The proper ball cannot be too strongly stressed for, after all, the grip is the foundation for correct bowling. If possible, the bowler should own his own bowling ball, bored to fit correctly. This service is available at the Glades Bowling Lanes. If it is not possible to acquire your own, then select the one which best fits your grip and strength.

A ball which can be held in the hand smoothly and comfortably grip permitting it to leave the hand naturally when delivered is the ball to use.

Seating capacity at Glades Bowling Lanes, including Bowlers and spectators seats is 150.

The regulation bowling shoes stocked at Glades Bowling Lanes range in from children's sizes 1 to men's sizes 13.

Free bowling instruction will always be available at Glades Bowling Lanes by certified instructors.

vital a part of our modern recreation? The introduction of automation, the constant challenge to the individual to "better."

Grants, Kirchman Co., Everglades Motors, Coastal Motors, Glades Equipment Co.

Bowling Is Easy Sport For Everyone

Bowling is not difficult... for an even arc when you deliver the ball. A few minutes of practice at home with a flat-iron or similar weight object will demonstrate this theory very well.

With the proper know-how and practice, you can soon be "bowling them over" with the best of 'em.

But, whether you take instruction or not, the thing to remember is to relax... easy-does-it. Don't throw the ball. The release of the ball should slide naturally off your fingers as you swing your arm forward; nor is it necessary to exert the "swing. It's a fact that a "slow" ball will throw over just as many pins as a "fast" ball.

Bowling, like any other sport, is one continuous coordinated movement and is graceful when done naturally. Another trick to keep in mind is a firm wrist—which allows

Glades Bowling Lanes "house" bowling balls number more than 80, and range from 10 to 16 pounds each. The 10 to 12 pound balls are used by Bantam and Junior bowlers; ladies, 12 to 14 pounds, and men, 15 to 16 pounds. Sixteen pounds is the maximum weight standard.

Since 1951, when the AMF Automatic Pinsetter, the machine which revolutionized bowling was introduced, the number of Americans who bowl each week has increased 225%.

Building...

For Character and Substance

As a Glades Builder, we strive to build permanently the CHARACTER designed by the architect:

SUBSTANCE must be a guiding principle to achieve permanence of character in the fixtures of any project.

We see the possibility of enjoyable physical activity in an atmosphere of friendly rivalry, wholesome fraternizing, and character building in the operation of the

Glades Bowling Lanes

We are proud to have been a part, not only in the arts of our profession of BUILDING with steel and masonry, but in an effort of PERMANENT CHARACTER BUILDING in our community.

FRIENDLY rivalry
WHOLESONE sportsmanship
INTERMINGLING fraternity

PAHOKEE

POPULAR PLACE TO MEET—The new restaurant at Glades Bowling Lanes has already become one of the area's most popular restaurants. Full meals and fountain service are available daily from 9 a. m. Sandy and Ruth Sands, Belle Glade residents are operators of the new eatery.

Modern Restaurant Open To Public

Belle Glade residents, Sandy and Ruth Sands opened one of the area's finest restaurants recently at the new Glades Bowling Lanes.

Known as the Glades Lanes Coffee Shop, it was designed to accommodate more than 45 guests and will be open to the public.

Breakfast, luncheon and dinner will be regular fare along with short orders and complete fountain services.

According to Sandy and Ruth, only the finest foods will be served. Hours will be from 9 a. m.

Mrs. Sands was formerly associated with the Rambler Sandwich Shop, Teenage Center and City Park in Belle Glade.

Mr. Sands is presently with the Dixie Lily Milling Company.

Want to buy a bowling ball, shoes or shirt? Go to the sport shop in Glades Bowling Lanes. They have all kinds of bowling equipment and accessories.

Electronically Operated Machines Service 16 Lanes

(Continued From Page 1-B)

cleared and ten pins are spotted on the alley bed.

A full-time mechanic and 2 assistants will be retained at Glades Bowling Lanes to keep the machines running smoothly.

Each machine uses two sets of pins while in operation and these are exchanged every so often for another double set. The exchange process gives the "used" pins an opportunity to "rest," restoring original life.

There is nothing complicated about the pins themselves except that they must meet certain regulation standards put forth by the American Bowling Congress. Pins must be of a hardwood, and dimensions of each pin must be 15 inches high, have a 2 inch base and weigh between 2 lbs. 14 oz. and 13 lbs. 10 oz.

Pins, when spotted for bowling must be set exactly 12 in. apart, from center to center.

Length of each lane must measure 19 feet overall; 60 feet of the lane is from foul line to

head pin. Hard maple is used on the approach and on the pin deck where concussion is stressed; the balance of the lane is of pine which makes for smoother and better bowling. Width of each lane is 42 inches.

Here's How To Bowl...

If you've never bowled before, and don't want to take advantage of the free professional instruction offered at Glades Bowling Lanes, the following standard four-step delivery procedure is offered.

Study it carefully and you'll have no trouble at all looking like a real pro on your first time out.

If you are right-handed, you should always finish with the left foot forward. Reverse the procedure if you are left-handed.

1. In starting the first step, the ball should be centered with the line of vision. The initial arm movement coincides with a short step forward by the right foot. The movement is not directly forward, but more of a down and out arc.

2. With the start of the second step, the ball goes into a pendulum swing. The right shoulder drops slightly as the weight of the ball is transferred to the right arm.

3. As the third step on the right foot starts, the wrist action takes place. Shoulders and body are still square and the body remains erect.

4. After completing the third step, the ball reaches its peak in the backswing; a balance is established and the body faces the pins.

5. At the start of the fourth step, the ball comes down, knees are bent, and the body leans forward.

6. As the left foot goes into the slide, the ball comes forward and is released in good timing.

7. At this point, with the left foot sliding forward, the thumb is out with the fingers and wrist still turning and lifting the ball just prior to the release.

8. As you near the foul-line, the follow-through is started as the leg swings around for body balance. The right arm which was straight all through the backswing, bends at the elbow for the follow-through.

9. The body straightens to get more life. The finish should be smooth, with shoulders parallel to the foul-line; the entire body in line with the lane, ball and pins.

This can be practiced at home. In practice, you'll find that this procedure is very natural and smooth and is performed without force or effort. Like any other physical coordination sport, relaxation is the main thing to remember.

Nov. 10, 1960 THE HERALD, Belle Glade, Florida Page 3-B

TOMMY PENCE shows his bowling form during daily practice. Tommy, 18, is the son of Jerry and Kay Pence, carries a high bowling average. He is also a certified bowling instructor.

In Providing The New Home For GLADES BOWLING LANES

We are very pleased to have, in a small way, contributed to the making of the Glades area one big happy family. Especially are we proud to have helped to bring something to our children which will keep them together in clean healthful and wholesome surroundings where they may grow up to be good men and women.

We would, at this time, like to thank the Belle Glade City Commissioners for their cooperation in seeing that we have water and fire protection on the location. Also, the First Federal Savings and Loan of West Palm Beach, for their faith in our business ability to have made a project of this size possible. And Mr. Cone, the architect, and contractors and many individuals who have given us their time and support.

We wish Mr. Pence, Mr. Gessner and Mr. Dio Guardi success in their business venture in the Glades.
